# LOGITECH USB HEADSET H650e

Enjoy USB plug-and-play connectivity using a flat, notangle cable. Plus, advanced business certifications and enhanced integration with popular calling platforms<sup>1</sup> ensure a seamless meeting experience with any video conferencing application — including the ones you are already using.

The Logitech H650e Headset delivers functionality and style. This is a professional headset with digital signal processing, acoustic echo cancellation, wideband audio, dynamic equalizer, and a noisecancelling mic. It's all intended to make your calls as productive and comfortable as possible.

Perfect for people who need a headset for making calls from their computer, the Logitech H650e Headset has intuitive in-line controls for adjusting volume and a bright LED light that lets others know you're on a call.

# KEY FEATURES AND PRODUCT SPECIFICATIONS
